AAACU Supports Project Connect in Onaway with Donation & Volunteers

Onaway, MI—Alpena Alcona Area Credit Union (AAACU) donated \$500 and provided several volunteers to support Project Connect in Onaway on October 15, 2026 helping provide essential resources and services to individuals and families throughout the community.

Project Connect is a free community event that brings together local organizations, service providers, and community groups to connect residents with resources and assistance they may need. The event serves as an opportunity for individuals and families to access support, learn about available services, and connect with organizations dedicated to helping those in need.

This year's event offered a variety of resources, including coats and warm clothing to help individuals and families prepare for the colder months, food distribution, and additional services to support community members facing various challenges. By bringing these resources together in one location, Project Connect helps make it easier for residents to find assistance and connect with organizations that can provide support.

AAACU is proud to contribute to efforts that make a positive difference in the communities it serves. The \$500 donation reflects AAACU's commitment to supporting local initiatives, strengthening community partnerships, and helping ensure individuals and families have access to essential resources.

This donation is made possible by the credit union's Community Investment Fund. These funds are comprised of dollars donated back into our communities thanks to credit union members who choose to receive their monthly statements electronically. The credit union pledges to donate \$9.00 annually for each of these e-statements accounts. In 2026, AAACU will donate up to \$320,406.00 back into the communities they serve.

AAACU is a state-chartered credit union with membership eligibility open to any resident in the state of Michigan. As of September 30, 2026, AAACU provides service to 50,896 members with total assets equal to \$999,287,904.
